

## **Napier Park European Credit Team Named Winner of Credit Long-Term Performance Award by HFM**

**London – July 16, 2021** – Napier Park Global Capital, a global alternative credit management firm, announced today that its European Credit team has been named the winner for category of Credit Long-Term Performance at the prestigious HFM European Performance Awards 2021.<sup>1</sup> The awards ceremony took place on July 6, 2021 at the York Lawns within Regents Park, welcoming a number of leading figures from the hedge fund industry.

For 14 years, the HFM European Performance Awards have brought together the entire industry to recognize and celebrate the best performing hedge funds, CTAs and FoHFs in Europe. Participants are evaluated by a panel of judges comprised of leading institutional and private investors and investment consultants, selected for their experience and alternatives expertise. The Credit Long-Term Performance category evaluated the portfolio management and performance track record of credit managers over the last 5-years.

Commenting on the win, Michael Micko, Partner and Head of European Credit at Napier Park, said “We are thrilled with this honor from the HFM European Performance Awards. We are grateful for the support of our long-standing investors as well as the commitment and dedication of our entire team.”

The European credit team, led by Michael Micko, has a strong track record in European CLO markets, leveraged loans and high yield. In addition to the flagship European Credit Strategy, which celebrated its 10-year anniversary last year, the team manages other funds which invest across European high yielding corporate credit.
